Often, the artist with the best-selling album is different from the artist with the Billboard Hot 100 single. You'll be able to watch the music video and listen to almost any song directly on the Billboard website.In addition to the Hot 100, Billboard also tracks the Billboard 200 and Artists 100. A rite of passage for musicians is having a song in the top 40 hits on the radio chart. The company Nielsen's data analytics tracks what people listen to every week in 19 different countries and compiles information for the Billboard music charts.Mainstream Top 40The top 40 hits are taken from the Hot 100 list published weekly by Billboard magazine. The radio Á still the most popular way to consume music. They include:Sales: Nielsen records all physical and digital disk sales from 19 different countries, including the United States and Canada. Hot 200 Albums are released every Friday, which Á also the global release date for most new albums. Playing a music video on YouTube is also considered a performance of a song. Streaming music: The number of reproductions on online radio stations such as Pandora, Spotify, Apple Music, Yahoo Music and AOL Music Á is counted towards the total number of streams. Radio: Once a song becomes popular enough to be picked up by radio stations, it can gain a lot of traction and earn a spot on the Billboard Hot 100. This information helps Billboard track the best songs in the country. For example, if an album Á charts on January 27, the total number Á listens Á from the tracking week of January 12-18.Sales and streamingWhile album sales are declining in recent years, the use of streaming services Á is increasing. ÁÁÁ a list of the 100 most popular songs on the US Billboard, also tracks whether a song Á higher or lower in the charts each week, its peak and its total weeks in the rankings. 25.Follow Ree Hines on Twitter. In recent years, streaming audio and video-on-demand services have set record levels for streams. streams. streams.
